## OPEN CALL FOR PARTICIPATION

Adaptive Actions (AA) is looking for new contributions to its website and its next publication, as well as contributions that will serve to stimulate reflection, discussions, and presentations at the AA Camp at Concordia University. Register as a participant through the website or at the Camp and submit existing or imagined actions created by you or by others. [WWW.ADAPTIVEACTIONS.NET](http://WWW.ADAPTIVEACTIONS.NET) / [INFO@ADAPTIVEACTIONS.NET](mailto:INFO@ADAPTIVEACTIONS.NET)

Since 2007, Adaptive Action gives voice to marginal causes, alternative urban lifestyles, counter-conduct and citizen artistic creation through which imagination and personal creativity influence daily life. AA makes an inventory and discloses these singularities and existing actions, and aims to encourage others to engage in new creative activities in order to adapt the urban fabric.
